

SESSION 1 Mission, Shaped and Rural

What in this presentation resonated with you?

Is there a next faithful step?

What are the	challenges	and barriers	in	your context?

Congregation

Community

Where do you see Kingdom opportunities and solutions in your context?

Congregation

Community

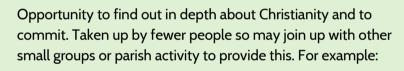

Traveling Together on a Discipleship Pathway

People continue to grow as disciples within some form of Church which could be a parish church or fresh expression of Church. The word fruit conveys on-going development and giving to others in witness and service.

For example:

FRUIT

Parent and toddler discipleship group grows Fruit from Alpha

FLOWERING

Alpha with toddlers

People who have been part of sowing can be invited to join an activity which involves opportunity to explore faith at some level (not all may say yes- so smaller size). For example:

NURTURING

Praise and play offered to the parents in the parent and toddler group; messy Church

A small group connects with people and shows the love of God by enjoying mutual interest or meeting a need. Low spiritual content - wide appeal. For example:

SOWING

Small team Starts parent and toddler group.

What is your next faithful step?
